

# COVID-19 Safety Recommendations

While many COVID-19 mandates and recommendations have changed over the past few months, COVID-19 is still a concern for us all. We at Campbell's Scottish Highlands encourage everyone to help keep our guests and staff safe and prevent the spread of COVID-19. We truly hope that in addition to being effective, these practices make you feel more at ease and able to enjoy your visit to the course.

- **Please, whenever possible, follow social distancing recommendations** (*remain at least 6 feet apart.*)
- **Masks are optional** in the Clubhouse, Bar & Grill and Driving Range Buildings. **Many individuals may prefer to wear a mask when around others**, particularly in larger gatherings or in geographic areas where transmission rates are high.
- **We strongly urge our visitors to take personal care.** Utilize personal distancing, do not handle other players clubs or golf balls. Tap clubs or shoes at the end of the round rather than the customary hand shake. **Wash hands frequently, use sanitizer often.** We are trying our best to provide hand sanitizer but may not have any at times, so visitors are encouraged to bring their own.
- **Carts can be shared by two golfers.** Walking is encouraged; however, double occupancy of carts is allowed. We will only allow individual cart use based on availability. **This will be determined at the club's discretion based on the amount of tee times reserved for the day.**
- **We clean the carts often.** Please return your cart promptly at the end of your round to allow time for cleaning. *Twilight Golfers* - Please be courteous and return your carts by the "Cart Turn in Time" that is posted in the Pro-shop, to allow for cleaning the carts before dark.
- The **Business Office** will be open. Please practice social distancing while in our small office and keep your visits as brief as possible. We can be reached by telephone Monday – Friday 8:30 AM to 3:30 PM at 603-894-4653 Ext 10 or 11. We can also be reached by email at [info@scottishhighlandsgolf.com](mailto:info@scottishhighlandsgolf.com)

*And finally, if you are not feeling well, have recently traveled, have tested positive or live with someone who has tested positive or is showing symptoms, STAY HOME.*

We believe golfing, with proper precautions, represents a safe, enjoyable and beneficial activity in these difficult times. Thank you for your patience, understanding and your compliance with the practices.

Thank you!
